

Trends in Current Medicine Workshop

From Genes to Organisms:

Transcriptional Control in Development and Disease

Sede Antonio Machado, Baeza, Spain

28 - 30 October, 2019

EMBO Keynote Lecture

Christiane Nüsslein-Volhard

Max Planck Institute for Developmental Biology

Speakers

Laurie Boyer

Massachusetts Institute of Technology

Denis Duboule

University of Geneva

José Luis Gómez-Skarmeta

Centro Andaluz de Biología del Desarrollo

Douglas Higgs

MRC Weatherall Institute of Molecular Medicine

Susan Mango

University of Basel

Leonid Mirny

Massachusetts Institute of Technology

Stefan Mundlos

Max Planck Institute for Molecular Genetics

David Stern

Janelia Research Campus

Barbara Treutlein

ETH Zürich

Patricia Wittkopp

University of Michigan

Joanna Wysocka

Stanford University

Robert Zinzen

Max Delbrück Center for Molecular Medicine

Organizers

Eileen Furlong

EMBL

Darío Lupiáñez

Max Delbrück Center for Molecular Medicine

Axel Visel

Lawrence Berkeley National Laboratory Berkeley

Apply by 6 September, 2019

Travel fellowships available
